

Establishment of a Joint Venture, "Nano-Lithotics Technologies Inc"

OPTORUN Co., Ltd. (Head Office: Nishi-Ikebukuro, Toshima-ku, Tokyo. President: Bin Fan, hereinafter referred to "OPTORUN") and AIMECHATEC, Ltd. (Head Office: Koyodai, Ryugasaki-shi, Ibaraki-pref. President: Isao Abe, hereinafter referred to "AIMECHATEC"), are pleased to announce the establishment of a Joint Venture, "Nano-Lithotics Technologies Inc".

This newly founded Joint Venture will pursue "Nano-imprint Lithography Business" that develops, manufactures, and sells Optical Products and Precision Processing Equipment.

The "Nano-imprint Lithography Business" will be developed by integrating the technologies of "AIMECHATEC" and "OPTORUN." To be more precise, the Joint Venture will provide Lithography-Nano-imprint Mass Production Technologies for innovative and advanced devices, by integrating AIMECHATEC's Nano-imprint Technology & Ink-jet Pattern Coating Technology enabling Nanometer-level Micro-processing, and OPTORUN's Advanced Optical Thin Film Deposition Technology & Dry Etching Technology.

Envisioning various applications as future growth opportunities, Nano-Lithotics Technologies will develop its business with focus on rapidly growing application market such as, Optical Waveguide for AR Smart Glasses, key devices for Metaverse equipment use, and Organic EL Displays, for the time being.

OPTORUN believes this new Joint Venture will enable it to create new business opportunities by strengthening its capabilities to provide customers with "One Stop Solution" with faster speed.

Your continued kind support to our company is sincerely appreciated.
